

Summer Installation Technician / Assistant Technician

Temporary 4-Week Position – June 2026

Staffordshire

Due to increased project work, we are looking for a practical, reliable and enthusiastic individual to assist with an on-site installation of fixed infrastructure, during a busy four-week period (potentially 5 week) in June and early July 2026

This role would particularly suit:

- an agricultural student,
- agricultural engineering student,
- Young Farmers Club member,
- or someone practical looking for hands-on summer experience.

The Role

Work is varied and likely to include:

- assisting with assembly and installation of agricultural related infrastructure, primarily livestock housing/feeding equipment
- working as part of a small team, usually 4 people including our Instantiation Manager
- outdoor practical work, based on our customer's farm
- basic engineering / fabrication support
- loading, moving and organising materials
- and other hands-on duties as required
- The site is clean, level and outdoors
- Approx. 40-50 hours per week
- Usually 6 days per week, weather dependant
- Training will be provided
- Accommodation will be provided

The position is practical rather than office-based, would suit somebody who enjoys problem-solving and working as part of a small team. We really value individuals with a good work ethic and believe that attitude is the biggest plus, more important than existing product knowledge.

What We're Looking For

Ideally you will:

- be practical and mechanically minded,
- have a good work ethic and common sense,
- be comfortable working outdoors,
- be reliable and punctual,
- and have a genuine interest in agriculture, engineering or machinery.

Useful but not essential:

- experience with tools or machinery,
- agricultural background,
- telehandler / tractor familiarity,
- welding or fabrication skills.

What we offer

- Approx. 4 weeks' work
- June / early July 2026, starting approx. 10th June
- Based in Staffordshire
- Flexible arrangements may be possible
- Tools and equipment
- PPE
- Pay approximately £14/hour depending on experience
- Free self-catering accommodation near the site
- Learning, coaching and on-the-job training
- Excellent references for our CV

To Apply

Please send a brief introduction outlining:

- your background,
- practical experience,
- availability,
- and any relevant qualifications or interests.
